Community Storehouse provides educational support for children at or below the poverty level in KISD, NISD, & CISD who are identified by their campus as needing our support. In 2018, we provided over 100,000 services to over 5,000 local children in our community.

Community Storehouse is dedicated to the education and well-being of low income children in our community.

As a sponsor of our House of Terror, your money will help to fund our year-round literacy and nutritional programs, deliver personal health and hygiene products to local kids, and create goodwill between your company and local residents.
